

Team oriented learning

in interactive working groups

Let's make a journey!

We want to take you on a journey! Do you want to come with us? We want to show you something! And we are convinced that it could be interesting for you!

Do you want to come with us? Please press one of the two buttons:

Yes, I want to make the journey with you!

I need more information, before I can say yes!

Are you a teacher?

Congratulation! You seem to be a very curious person! We are happy to take you on this journey!

Let us start with a question before we proceed:
Have you ever been a teacher in your life?

Yes!

No, I have never
thought in my life!

We want to make your learning more effective!

We would like to introduce you to a special method that makes it much easier for you to learn new things. And, most importantly! We want to help you remember the things you learn much better.

And last but not least! It really makes fun! Believe us!

So, do you want to make the journey with us? Please press one of the buttons

Yes!

No, I need more time to think it over!

See you next time!

No problem! Take your time! When you are ready to start the journey with us, just start this app from the very beginning and press the right buttons to make the journey together with us!

Take care!

Please press this button to start again!

Let's get started!

Wow, then you are an expert! So this journey might be very interesting for you. We want to introduce a learning style to you, where you will be both: a teacher and a learner.

Come on! Let's get started!

Please press this
button to go on!

So you never thought in your life?

Are you sure you never taught in your life? Just think of your best friends, your family members! Did you never explain something to them?

We are convinced you did! So, when you explained something to somebody, in this situation you have been some kind of a teacher. And that is, what we are looking for!

So come on! Let's start our journey together!

Please press this
button to go on!

A typical situation in a seminar ...

This is the situation as you know it from school or some seminars you attended.

In front of you is the teacher or trainer and explains something to you.

And then you start to practice. In seminars you do a group work or in school you had to do your homework.

Please press this
button to go on!

Come on, be a teacher!

We want to introduce something that might be new for you.

We want you to become a teacher who teaches the other participants in your course!

And don't worry! We will give you everything you need for this job!

Believe us! It really makes fun! Do you want to know why? Please press one of the buttons!

We can go on! I absolutely believe that it makes fun!

Give me some reasons why it makes fun to teach!

Why teaching is fun!

If you explain something to other people:

- ✓ You make sure that you really understand what you have learned.
- ✓ You will deepen your own knowledge.
- ✓ You will much longer remember the content you have thought.
- ✓ You can feel the joy when you help other people to have the same knowledge as you have.

Please press this
button to go on!

Two groups ...

- So in our learning system we will split the whole seminar-group into two equal groups.
- Now let's imagine you are in the violet group ...

Please press this button to go on!

Getting a training ...

So in our setting you will have a training with an experienced trainer – at least we hope so! 😊

But this is nothing new you will now say. And you are right! But you have to be very attentive in this situation ...

Because ...

Please press this button to go on!

Start teaching ...

It will be you and your colleagues, who just attended this training, who will explain all the things you just have learned to your other colleagues, who didn't participate in the training you just had.

Please press this button to go on!

Don't worry!

- Later in this app you will learn more about different seminar-methods.
- Do you want to get an overview about different seminar-methods that will help you to teach others?

Yes, I'm interested!

No, please go on!
What else is this
course about?

You will train to use these methods with your colleagues:

Individual work

Work in pairs

Work in threes

Four and more
the standard group

Plenary work

Please press this
button to go on!

Role play

Your trainer is always at your side

- While you are doing so your trainer will be with you. He or she will assist you anytime you need help. She or he will also make sure that all course participants keep up with your lessons.

Please press this
button to go on!

How it goes on ...

- The next day, the roles are changed. Those who were taught by you and your colleagues the previous day now receive a training from an experienced trainer – at least we hope so! 😊

Please press this button to go on!

Receiving a training from your colleagues!

- And it will be them who will teach you what they just have learned!

Please press this
button to go on!

This is the end of our journey!

So now you know what our training system is all about!

We hope you are still curious!

Because curiosity helps a lot when it comes to learning new things!
